Aquatrex™ Water Sediment Removal Filter

Aquatrex Water Sediment Removal Filter

From the same family as Hytrex filters, the best selling cartridge filters renowned for quality and performance, comes the Aquatrex depth filter cartridge. Osmonics' extensive experience in filter technology and innovation comes through in Aquatrex, a filter specifically designed to economically remove sediment from water. Aquatrex is the ideal cartridge filter for residential and light commercial water filtration where 10 and 20 inch filter housings are used. What gives Aquatrex filters more value than competing products is that, while the filter is economically priced, it does not compromise on quality.

Features and Benefits

Each Aquatrex filter is individually embossed for easy identification and sealed in a clear package for protection.

- z Highly Price Competitive
- z Excellent Filtering Performance
- z Fast Delivery
- z Pure Polypropylene construction
- z NSF Listed and FDA Compliant
- z ISO 9001 certified
- z No leachables or extractables

Applications

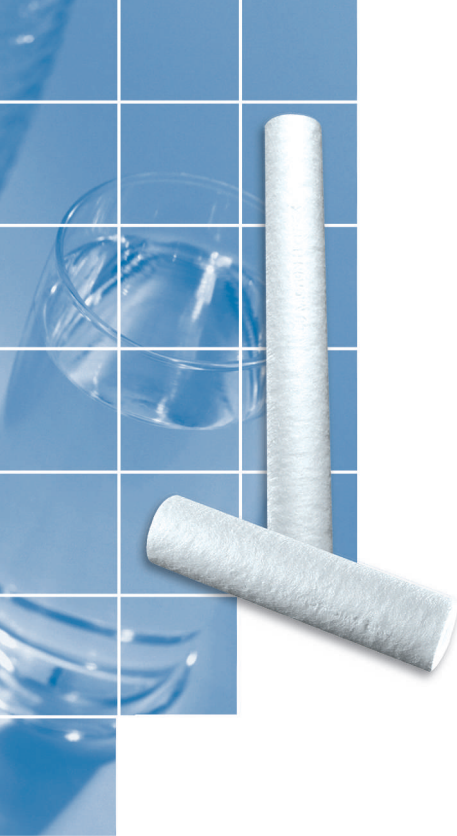

Removal of Sediment from water in residential and light commercial applications.

General Specifications

- z Micron Ratings:.....1, 5,10 and 25
- z Lengths:9 7/8 and 20 inches
- z Outside Diameter:.....2 1/2 inches (64 mm)
- z Inside Diameter:.....1 inch (25 mm)
- z Maximum Pressure Drop:10 psid (0.69 bar)
- z Temperature Range:33 F- 125 F (0.5 C – 52 C)
- z Material:.....NSF listed and FDA compliant Polypropylene

Aquatrex filters are available in 1,5, 10 and 25-micron removal ratings and in 9 7/8 and 20-inch lengths.

Aquatrex filters combine innovative depth filter technology, quality and cost-effectiveness to provide excellent filtration value in residential and light commercial applications.

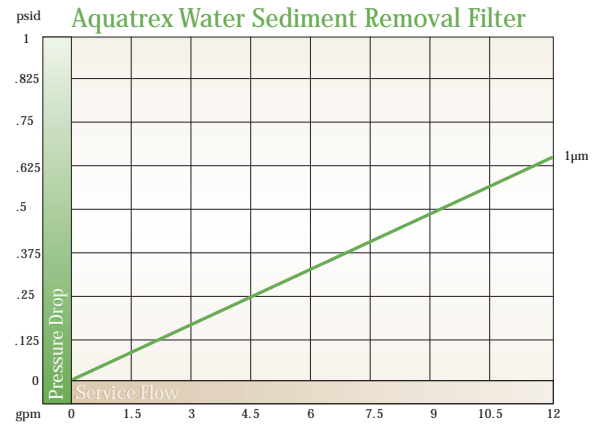

Ordering Information

To order the Aquatrex (AX) simply select the micron rating and length.

Type	Absolute Micron Rating	Cartridge Length
AX	01 = 1.0µm 05 = 5.0µm 10 = 10.0µm 25 = 25.0µm	9 7/8 Inch 20 Inch

Flow Performance in Clean Water

Material and FDA Compliance

Aquatrex cartridge filters are made from thermally-welded blown microfibers of polypropylene. No additives, resin binders, lubricants, anti-static or release agents are used in the manufacturing of Aquatrex cartridge filters. Osmonics certifies that the filter material meets the requirements of the Food and Drug Administration (FDA) Title 21 of The Code of Federal Regulations 174.5 and 177.1520.
